EDUCATION

BAS Applied Computing
University of Arizona
2022-2023
GPA: 3.9
Cum Laude Society
Dean's List

AAS Programmer Analyst
Pima Community College
2019-2022
GPA: 3.8
Phi Theta Kappa

SKILLS

Python

C, C++

Android Studio (Kotlin)

HTML, CSS, JS

SQL (PostgreSQL, Oracle)

REST API

PROFILE

- Seeking a role where I can grow by learning from experienced team members while drawing on my previous projects and studies.
- Born in Israel, I immigrated to the United States at the age of 12 in 2010.
- Fluent in English, Hebrew, and pursing a Japanese N4 certificate.

FOCUS OF STUDIES

Applied Computing graduate with an emphasis in Software Development. Worked with and produced projects in Python (R, Jupytr, Tkinter, REST API), C / C++, Web Development (HTML, CSS, JS), and Android Studio. Projects were often done in collaboration.

WORK EXPERIENCE

Legal Assistant   2013 | 2024

- Enhanced the efficiency of the legal team by actively contributing to case management and documentation.
- Showcased reliability and precision in handling administrative tasks and contributing to the seamless operation of the legal practice.
- Refined the client database utilizing Python scripts, improving usability and accessibility.

PROJECTS

Conscious Grocery Shopping | Source Code

- Developed a backend to retrieve food nutrition from USDA's database using a REST API.
- Created functions to parse USDA data for required attributes of a Food object and enabled storage functionality using JSON.
- Improved upon colleague's TKinter GUI frontend code. Solving issues such as date display, color conditions, user input, and UI clarity.

Android Heads Up | Source Code

- Collaboratively produced an Android Studio (Kotlin) app of Heads Up.
- Lead project development's scope, scheduling, and documentation.
- Developed UI for main menu, functions for category selection, and timer functionality.
